

Snapshot report

Under the Investing for Success Agreement for 2018

Seville Road State School received (finalised amount)

\$85,626

Our full 2018 agreement can be found on our website

Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- To implement a Reading Intervention program that delivers intensive reading to students in Year 3 to Year 6. To have 97% of our Year 3 and 90% of our Year 5 students at NMS. This has been shown through 100% of our Year 3 students and 100% of our Year 5 students at or above nation Minimum Standard. With also 35.3% of our Year 3 students in the upper 2 bands and 44.4% of our Year 5 students in the upper 2 bands.
- We have enabled teachers to attend professional development with like school and cluster schools to engage in professional conversations around 'Bump it Up Walls', this has seen all our teachers engage with the walls which are clearly focussed on student centered learning. We have now become a lead school within our cluster to model this practice.

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2018 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- We have just begun to implement Read Write Inc, as a phonics program from Prep to Year 2, it has already had great success and certainly supported 60% of our Prep students in the upper 2 bands at the end of 2018.

Our school initiatives have shown limited progress toward our targets

During 2018, limited progress was made toward our targeted student outcomes. We will review our initiatives and make adjustments to better focus on maximising the benefits of *Investing for Success* funding for our students.

Initiatives implemented include:

- Throughout the year we searched through a number of different avenues to employ an indigenous aide, however were unable to find a suitable candidate. With consultation with the Assistant Regional Director, we made the decision to use this money to purchase laptop computers to help facilitate NAPLAN online, which the school will be involved in in 2019.
